

## **ATLANTIC MANAGEMENT ANNOUNCES THE 2005 RICHARD J. TRIFIRO SCHOLARSHIP WINNERS**

*Foundation Donates \$34,000 to Boston English High School Seniors*

**FRAMINGHAM, Mass. - July 7, 2005** - Atlantic Management, a Framingham-based full-service real estate investment and development firm, and the Trustees of the Richard J. Trifiro Foundation, announce the awarding of 17 scholarships to members of the 2005 graduating class of Boston English High School. Each recipient will receive a \$2,000 scholarship to be used towards tuition at the college of their choice.

Each year, the foundation awards scholarships to deserving high school seniors from Boston English High School. The scholarship recipients are selected based on factors such as academic standing and community involvement. After reviewing all of the applications, the foundation trustees conduct personal interviews with the students to learn of their life experiences and future goals.

“This year’s recipients are exceptional young men and women who strived to obtain an education in spite of experiencing poverty, language barriers and broken homes,” said Anthony Capobianco, co-founder of Atlantic Management and the Richard J. Trifiro Foundation. “We’re extremely honored to be able to help these young adults open the doors to a brighter future.”

Atlantic Management created the foundation in 2001 to honor the firm’s Co-Founder, Richard Trifiro, and carry on his philanthropic mission – to provide underprivileged high school students with opportunities to further their education. This vision and commitment has continued to live on through the Richard J. Trifiro Foundation.

These scholarships are made possible by the many devoted contributors who believe in inspiring students to strive to enrich their lives through higher education.

### **About the Foundation**

Richard J. Trifiro was passionate about helping underprivileged high school students succeed in life. He was dedicated to helping them further their education, realize their goals and “dream big” by awarding scholarships. He formed strong, lasting relationships with the students he mentored, guided and supported.

The goal of the foundation is to carry-on Richard's vision to make higher education available to underprivileged high school seniors through awarding scholarships to those who may need financial assistance to attend college. To date, the foundation has awarded over forty scholarships in Richard's memory.
